

# How to Access Assignments Through the Course Menu

Complete the steps below to access your assignments in your summer courses.

Notice that the course does not have a Page 4, where you normally find a link to your assignment:

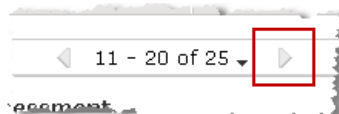

To find your assignment, click the **Menu** tab for the course, then click the **Assignments** button. A list of that course's assignments appears:

Click the **Enter** button for an assignment to work on it.

You may have to click the right arrow to view another page to find assignments that you have not yet completed:

You can also use the bar at the top of the assignments to sort them according to due date. Clicking **Missed**, **Due in 7 Days**, **Due in 30 Days**, or **All** displays only those assignments that fit that category:
