

Tutoring Options for Edison Students

1. Students can visit the research center/Learning Land at the hours below for their subject and receive synchronous instruction. Students should enter the Research Center/Learning Land and proceed to the Learning Lab.

*Please note that the online teacher available at the hours below may not be the student's actual online teacher. However, they will be a content expert that teaches for Edison and is knowledgeable about the Edison content and subject matter. Teachers will rotate through the office hours, so the student can enter the Learning Lab and request subject help and they will be directed to the appropriate teacher. Spanish has available office hours below; all other World Languages should use the tutoring hotline or message their teacher.

Subject	Office Hours
English	Mon-Thurs 8am-8pm Friday 8am-5pm
Math	Mon-Thurs 8am-8pm Friday 8am-5pm
Science	Mon-Thurs 8am-8pm Friday 8am-5pm
Social Studies	Mon-Thurs 8am-8pm Friday 8am-5pm
Spanish	Mon-Fri 10am-11am & 12pm-1pm

2. Students may contact their online teachers directly through the messaging system and request a private tutoring session. The students will work with the online graders to determine a specific date and time for tutoring. Please urge your student to include you in on the communication. The online graders will either perform tutoring through the research center/learning land or through an Elluminate link shared with the student. Elluminate allows for the capability of speaking.
3. Toll free tutoring number 1-855-534-3996

Students may also call a toll free number to request tutoring. The students will be directed to push 1 for English, 2 for Science, 3 for Math, 4 for World Languages, and 5 for Social Studies. The number will then ring directly to the lead teacher for the subject area. This is intended to be a supplement to the current tutoring process: advisors/students are still welcome to message their Edison teachers directly as they have been.
